### Terms and Conditions for Participating in Non Coach- Led Road Book Events

Each rider/pillion must be a member of the Northern Ireland Rat Motorcycle Club

Each rider/pillion participates in a ride-out at his/her own risk.

Each rider participant is required to ride at a pace that is comfortable and safe for him/her over reasonably long distances in order to maximise the riding experience and safety of each rider.

Each rider is required to ride within the law and must not break the law in terms of speeding or road traffic regulations and in particular must not be in control of the vehicle whilst under the influence of alcohol or drugs.

Each rider is required to have a current driving licence, insurance, road tax, and to ensure that their motorbike is in a roadworthy condition with a current Vehicle Test Certificate, if required.

Each ride-out is from a named start point to a named destination using a pre-planned route. A route map will be provided by the organiser which will identify stopping points for each leg of the ride out route. Each rider is required to follow this pre-planned route and to stop at the designated stopping points only.

Each ride-out is non-coach-led and, as such, will have non-qualified lead riders who will identify alternative routes/stopping points where circumstances prevent following the planned route.

Any rider intending to leave a ride-out early is required to inform the lead rider before setting off, or at any designated stopping point.

It is a requirement that riders do not overtake the designated lead rider on the road, take an alternative different route, or stop at a non pre-designated stopping place. Any rider doing so will be in breach of these terms and conditions and will be deemed to no longer be participating in the ride-out at that stage. He/she may re-join the ride by agreement with lead rider.

Each ride-out ends once the named destination has been reached. Normally there is no organised return.
